From our 2025 President

Dear Leadership Palm Beach County Family,

What a year it has been - EPIC in every sense of the word!

As we celebrate the EPIC Engage Class of 2025, honor our Leadership Excellence Award nominees, and reflect on the impact we've made together, I'm filled with love, pride, and gratitude.

This year, we:

- Launched our new signature event, Vibes & Tides
- Awarded six scholarships to students in our Grow program
- Initiated a bold new branding campaign
- Updated our bylaws to strengthen our operations
- Partnered with Nonprofits First to create a third-party impact study to evaluate the reach of our Community Impact Projects
- Expanded interactive skills programming across Focus, Grow, and Engage

These milestones reflect the power of purposeful leadership and the dedication of our incredible Leadership PBC family.

A heartfelt thank you to Lori and her amazing team, the Board, and our Executive committee - your support, hard work, and belief made all of this possible. You have so much to be proud of and I will forever be thankful for the privilege to serve with you this year.

As I pass the torch to incoming president James Garvin, I do so with deep appreciation for this community and excitement for what's ahead.

Stay involved. Keep showing up. Our impact is only just beginning.

With gratitude,
Kimberly Lea

About the Leadership Excellence Award

Leadership Palm Beach County's Leadership Excellence Award was created to recognize exceptional graduates of Leadership Engage: men and women who have made significant and notable contributions to better our community.

The award celebrates individuals who are living examples of the vision and mission of Leadership Palm Beach County and who reflect values of connecting and collaborating with fellow leaders and being a catalyst for positive change.

Graduates of Leadership Palm Beach County's Engage program are eligible for this award, which is given annually at Leadership Celebration. Alumni are invited to nominate the graduates whom they believe best exemplify the qualities of Leadership Excellence, and each year's recipient is selected by a diverse group of LPBC alumni.

The award is presented to an individual who has worked outside their assigned job description and delivered results above and beyond the mission for their organization that has resulted in connections, collaborations, and ultimately positive change in our community.

Leadership Palm Beach County

Leadership Palm Beach County, Inc., is an educational 501(c)(3) nonprofit organization designed to foster awareness of community issues and promote efficient communication and cooperative relationships between existing and emerging community leaders. Leadership PBC's stated mission is to educate and unite leaders to build a better community. Initiated in 1983 through a collaborative effort of the local Chambers of Commerce, Leadership PBC has prepared over 2,000 graduates for enhanced community leadership roles.

Congratulations to the 2025 Leadership Excellence Award Nominees!

Your dedication, passion, and impact in our community inspire us all.

A special salute to **KaShamba Miller-Anderson**—your visionary leadership and unwavering commitment to excellence continue to uplift and empower those around you. We are proud to celebrate your achievements.

Honoring those who lead with purpose.

Engage Forward, formerly called Civic Engagement Projects, empowers class members from the Engage program to take active roles in the community through partnerships with local nonprofit agencies. Engage Forward connects nonprofit organizations with Engage Program class members to actively collaborate on finding solutions to issues facing their organization or the community they serve. Selected organizations (and those they serve) will be the beneficiary of an infusion of manpower, creativity, connections, and effort.

Engage Forward projects will be highlighted in communications and events to our alumni throughout the year. The impact of these class projects has historically been significant and of lasting benefit to the participating organizations. There will be a collaborative workshop on June 19 to review this opportunity, learn best practices, create project ideas from your supplied issues, and learn how to generate successful project proposals. In order for your project to be considered for Engage Forward, at least one representative from your organization must attend this workshop.

Proposals are due back to Leadership PBC no later than July 11. Proposals will then be judged to be presented to the class. The class will then select the projects that they wish to support.

For more information, visit leadershippbc.org/ef-rfp.
