

Civic Engagement Projects

Class of 2016

All members of the Leadership Engage Program partner with Palm Beach County nonprofit and governmental organizations to complete a civic engagement project. The Class of 2016 selected five community partners and spent nine months conducting research, developing materials and presenting their findings in order to empower these organizations to reach their goals.

ChildNet, Inc.

bring awareness of the need for foster homes through the Foster Parents Recruitment Project, where class members will spread the message through the development and implementation of a foster parent marketing plan.

Children Services Council of Palm Beach County

help establish Little Free Libraries throughout Palm Beach County. The project will include planning, research, construction and implementation of the Little Free Libraries in up to 100 locations.

City of Pahokee

to prepare a curriculum for "Building Bridges," a program to provide opportunities for children and senior citizens to interact while learning what their respective generations have to offer.

Junior Achievement of the Palm Beaches & Treasure Coast, Inc.

implement tried and true strategies to secure a pool of volunteers available to facilitate Junior Achievements programs.

Resource Depot

increase area business material donations to meet an expanding need by identifying and cultivating relationships with Palm Beach County businesses, educating them on the enormity of waste, and how they may be an environmentally conscious partner.
